

POWER 2T RACING

POWER 2T RACING is a 100% synthetic lubricant for air cooled two-stroke gasoline engines. This oil is especially developed for two-stroke engines of motorcycles with separated or mixed lubrication. It assures a remarkable cleanliness of the engine with a high lubricant power and a very high thermal stability. It substantially avoids the formation of exhaust smoke.

POWER 2T RACING meets the following specifications:

- API TC
- JASO FC, FD
- ISO-L EGD

APPLICATIONS :

Its universal characteristic makes POWER 2T RACING suitable as well for engines with small cylinder capacity as for heavy loaded motorcycles. Satisfies the requirements of a high specific power like Kawasaki, Suzuki, Yamaha, Honda, etc.

TYPICAL CHARACTERISTICS :

Test	Method	Average result
Colour		green
Density at 15°C	D 4052	877 kg / m ³
Viscosity at 40°C	D 445	79,3 cSt
Viscosity at 100°C	D 445	11,4 cSt
Viscosity index	D 2270	135 -
TBN	D 2896	1,1 g KOH/kg

We reserve the right to alter the general characteristics of our products in order to let our customers benefit of the latest technical evolutions.
